

HANGED BY THE NECK.

The Borrego, Valencia and Alarid, Stretch Hemp This Morning.

JUSTICE DONE AT LAST.

Murderers of Francisco Chavez Paid the Penalty of their Crime on the Gallows. Fatal blow occurred at San Antonio. This morning. Record of Case Examined by the President Who Refused to Further Interfere. The murder of Francisco Chavez at last. A hanging witnessed by seventy people.

Special to the Examiner.

Santa Fe, N. M., April 2, 1907.—The Borrego, Valencia and Alarid, murderers of Francisco Chavez, paid the penalty of their crime on the gallows here this morning at 9:30, all necks being broken except Valencia's. Seventy people witnessed the hanging.

Two companies of militia were on duty but there was no disturbance.

None of the men made confession but all walked firmly to the scaffold, where a short prayer was made. Four minutes after the arrival of the sheriff and the doomed men on the scaffold, the drop fell. Valencia's body twitched slightly but the other three were motionless. The bodies were allowed to hang twenty-six minutes before being cut down and placed in coffins. There was not the slightest hitch in the proceedings. President McKinley and Attorney General McKenna both made a careful examination of the entire record in the case and yesterday sent the following dispatch to Governor Thornton, which was received by the Governor at one o'clock p. m.:

Governor Thornton, Santa Fe, N. M., Washington, April 1.—The President declines to interfere in the case of Borrego et al.

After the receipt of the above message, arrangements were made for the hanging to take place this morning. And thus justice is done at last and the murder of Francisco Chavez avenged.

Extensive Improvements.

According to a Santa Fe dispatch Assistant Attorney R. E. Twichell, of the Alarid, Topeka and Santa Fe company states that President Ripley has decided on extensive improvements in the southwest, to be incurred immediately. The sum of \$2,000,000 is to be expended in the betterment of the Atlantic and Pacific line.

The office force at Albuquerque will be reduced, and the Atlantic and Pacific line will be operated from Los Angeles as part of the Pacific division. A branch road may extend into the Red River gold fields. The Alarid, Topeka and Santa Fe has turned the Baton coal and coke property over to the Maxwell Grant company, and 250 additional coke ovens are to be erected at once. An electric branch road for the handling of the product is in contemplation. Plans are being drawn for a new three-story hotel at Las Vegas, and the Montezuma Hotel at Las Vegas Hot Springs is to be reopened within thirty days.

That Anonymous Article.

In last Sunday's issue of the El Paso Times appeared an article, dated at Deming, scoring one of Deming's most highly respected citizens for the alleged act of entering the residence of Mrs. Dolores Dominguez, in this city and walking off with a good share of her furniture without her consent. The Mexican Consul at El Paso, was in this city at the time the article appeared and investigated the matter, and found that this article had stated everything but the truth; that the gentlemen accused had not been in the house in question, but that his clerk had had bought of the lady certain furniture. On yesterday it was ascertained that the article published in the Times was anonymous, hence it will receive the contempt of the gentlemen mentioned therein, that such articles are entitled to.

Murder at Santa Fe.

Tuesday morning Mrs. Camille Berardine was found dead in her home at Santa Fe, her throat being cut. The room was splashed with blood and there was evidence of a desperate struggle. In another room was found a pan of bloody water, a lamp smeared with blood and the handle of a bloody razor. Mrs. Berardine and her husband were separated and a divorce suit begun, in which being charged. Berardine, who has been working in Albuquerque, came home two days ago, when a bitter quarrel ensued. They were even together last night and said the trouble between them was settled. Berardine's body disappeared. He left their little boy at his brother's about midnight. Berardine was captured at Albuquerque Wednesday and taken to Santa Fe.

Hatchman Held Up.

Last Saturday night masked men held up the railroad station at Hatchman, Ariz., and took everything in sight. It is supposed that the robbers were "Black Jack" and his gang of thieves.

We understand that he has bought 3000 cows from the Champion Cattle Co. of Graham county, at a figure satisfactory to both parties.—Wilcox, Arizona, Range News.

The fact that that loathsome disease smallpox, is now prevalent on the Mexican border; many cases being reported from Acapulco and neighboring towns, should cause the people of this section to be on the lookout and be prepared for the contagion. The travel from the Mexican line to this place is such that the disease will in all probability reach here soon. As there is a sure and safe remedy in vaccination all persons should at once have recourse to this preventative thereby saving themselves much danger and the disfiguring effect.

No. 821, the mixed passenger and freight train, on the Silver City branch was wrecked just at the outskirts of Silver City Tuesday morning, seven freight cars loaded with iron ore going down the steep embankment, just below the rock quarry. The engine and passenger coach remained on the track, and none of the crew or passengers were injured. Traffic was delayed several hours by the accident. Hon. J. A. Mahoney, of Deming, was a passenger on the train and made a springing record for himself by getting out of the rear door, when he discovered the cars rolling down the embankment. The freight cars were totally destroyed.

The Dona Ana County authorities have a Mexican by the name of Manuel Fuentes in jail at Las Cruces charged with the murder of Jesus Checon, near Cambray, on the Southern Pacific railroad, nearly two years ago. The murder was discovered by a brother of the deceased, who became suspicious at the continued absence of Checon and came up from Old Mexico to investigate. The motive for the crime consisted in the illicit relations existing between Fuentes and Checon's wife, and a desire to put the husband out of the way. After killing Checon, the body was burned and interred near the station at Cambray, and was only discovered last Saturday by Sheriff Garrett of Dona Ana County. The arrest of Fuentes was made in El Paso by the authorities there. Checon, his wife and Fuentes were travelling to Silver City from Dona Ana County when the crime was committed.

The boys at Clark & Co's store are very fond of "joshing." Yesterday being the first day of April gave them a rare opportunity and they didn't overlook any bets. Mr. J. H. Woods, one of the clerks, got hungry and Meers, Peckarts and Wilkinson prevailed upon him to tackle a nice fresh pie filled with cotton. This reminded Mr. Woods that he had some friends down the street whom he desired very much to fool, so he begged the boys to furnish him with another cotton pie for that purpose. This was done, but while Mr. Woods was out of the store the boys "shifted the cut" on him, placing a "sure enough" pie in the place of that filled with cotton and Mr. Geo. Meyer and Mr. James Hamilton were, consequently, the pleased recipients of one of Clark & Co's most excellent apple pies. Frank Ehrmann is another victim of the cotton pie trick, and they say that after he was properly caught, he whistled quite loudly.

Death of John Catron.

Mr. John Catron, father of Hon. T. B. Catron, of Santa Fe, died at his home near Lexington, Mo., on Friday, March 19, 1907, at the age of eighty-five years.
